中國語言文化沉浸式夏令營

CHINESE LANGUAGE AND CULTURE SUMMER PROGRAM

- Explore the vibrant world of Chinese Language and Culture this summer at Pacific Rim International School!
- Designed for students aged 6-18, our program creatively merges the wonders of Chinese traditions with modern technology, including ChatGPT, to cultivate understanding and appreciation of the Chinese language and culture through hands-on experiences.
- Dive into activities from AI-assisted storytelling and 3D printing to gardening and caring for animals, all while enjoying a mix of language, history, culture, science, art, music, and sports.
- Ages: 6-18.
- Focus: Language, History, Science, Art, Music.
- Special Activities: Gardening and animal care.
- Lunches: Hot, organic, gourmet, international cuisine.
- Features: Interactive Chinese language learning, storytelling with AI, historical exploration, and 3D printing cultural icons.
- Goal: To ignite curiosity, foster creativity, and deepen appreciation for Chinese culture and beyond.
